**Instructions for completion**

- When completing this document it is important to make a positive statement showing how the organisation complies with any relevant part of the ANO-M requirement (column 2) by indicating in column (3) the MOE or procedure reference. If any part is not relevant then N/A should be marked in column (6). If the requirement is not complied mark 'No' in column (4).
- It should be stated in the comments column (7) why the requirements is not complied or partially complied or complied by any other means.
- If additional information is required to demonstrate compliance please use the space below or attach an appropriately referenced continuation sheet.
- Once completed please return this document to the CAAB with the **Compliance Statement signed by the Accountable Manager**. **Column (8) & (9) to be filled in by CAAB inspectors**
- **When the Compliance Check List has been completed and accepted by CAAB a copy should be appended to the CAME.**

			No (4)	Yes (5)	N/A (6)			
<b>145.A.5</b>	<b>Applicability</b> Organisations involved in the maintenance of large aircraft or of aircraft used for commercial air transport, and components intended for fitment thereto, shall be approved in accordance with the provisions of this Part.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.10</b>	<b>Scope</b> This Section establishes the requirements to be met by an organisation to qualify for the issue or continuation of an approval for the maintenance of aircraft and components.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145. A.15</b>	<b>Application</b> An application for the issue, renewal or change of an approval shall be made to the CAAB in a form and manner established by CAAB.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.20</b>	<b>Terms of Approval</b> The organisation shall specify the scope of work deemed to constitute approval in its exposition (Appendix II to Section 1 contains a table of all classes and ratings).		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.25</b>	<b>Facility requirements</b> The organisation shall ensure that: (a) Facilities are provided appropriate for all planned work, ensuring in particular, protection from the weather elements. Specialised workshops and bays are segregated as appropriate; to ensure that environmental and work area contamination is unlikely to occur.  1. For base maintenance of aircraft, aircraft hangars are both available and large enough to accommodate aircraft on planned base maintenance;  2. For component maintenance, component workshops are large enough to accommodate the components on planned maintenance.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.25</b>	(b) Office accommodation is provided for the management of the planned work referred to in paragraph (a), and certifying staff so that they can carry out their designated tasks in a manner that contributes to good aircraft maintenance standards.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
145.A.25	<p>(c) The working environment including aircraft hangars, component workshops and office accommodation is appropriate for the task carried out and in particular special requirements observed. Unless otherwise dictated by the particular task environment, the working environment must be such that the effectiveness of personnel is not impaired:</p> <ol style="list-style-type: none"> <li>1. temperatures must be maintained such that personnel can carry out required tasks without undue discomfort.</li> <li>2. dust and any other airborne contamination are kept to a minimum and not be permitted to reach a level in the work task area where visible aircraft/component surface contamination is evident. Where dust/other airborne contamination results in visible surface contamination, all susceptible systems are sealed until acceptable conditions are re-established.</li> <li>3. lighting is such as to ensure each inspection and maintenance task can be carried out in an effective manner.</li> <li>4. noise shall not distract personnel from carrying out inspection tasks. Where it is impractical to control the noise source, such personnel are provided with the necessary personal equipment to stop excessive noise causing distraction during inspection tasks.</li> <li>5. where a particular maintenance task requires the application of specific environmental conditions different to the foregoing, then such conditions are observed. Specific conditions are identified in the maintenance data.</li> </ol>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
145.A.25	6. the working environment for line maintenance is such that the particular maintenance or inspection task can be carried out without undue distraction. Therefore where the working environment deteriorates to an unacceptable level in respect of temperature, moisture, hail, ice, snow, wind, light, dust/other airborne contamination, the particular maintenance or inspection tasks must be suspended until satisfactory conditions are re-established.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
145.A.25	(d) Secure storage facilities are provided for components, equipment, tools and material. Storage conditions ensure segregation of serviceable components and material from unserviceable aircraft components, material, equipment and tools. The conditions of storage are in accordance with the manufacturer's instructions to prevent deterioration and damage of stored items. Access to storage facilities is restricted to authorised personnel.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
145.A.30	<b>Personnel requirements</b> (a) The organisation shall appoint an accountable manager who has corporate authority for ensuring that all maintenance required by the customer can be financed and carried out to the standard required by ANO-145. The accountable manager shall: 1. ensure that all necessary resources are available to accomplish maintenance in accordance with ANO-145.65(b) to support the organisation approval. 2. establish and promote the safety and quality policy specified in ANO-145.65(a). 3. demonstrate a basic understanding of ANO-145.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
145.A.30	(b) The organisation shall nominate a person or group of persons, whose responsibilities include ensuring that the organisation complies with ANO-145. Such person(s) shall ultimately be responsible to the accountable manager.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
<b>145.A.30</b>	<p>1. The person or persons nominated shall represent the maintenance management structure of the organisation and be responsible for all functions specified in ANO-145.</p> <p>2. The person or persons nominated shall be identified and their credentials submitted in a form and manner established by CAAB.</p> <p>3. The person or persons nominated shall be able to demonstrate relevant knowledge, background and satisfactory experience related to aircraft or component maintenance and demonstrate a working knowledge of ANO-145.</p> <p>4. Procedures shall make clear who deputises for any particular person in the case of lengthy absence of the said person.</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.30</b>	(c) The accountable manager under paragraph (a) shall appoint a person with responsibility for monitoring the quality system, including the associated feedback system as required by ANO-145.65(c). The appointed person shall have direct access to the accountable manager to ensure that the accountable manager is kept properly informed on quality and compliance matters.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.30</b>	(d) The organisation shall have a maintenance man-hour plan showing that the organisation has sufficient staff to plan, perform, supervise, inspect and quality monitor the organisation in accordance with the approval. In addition the organisation shall have a procedure to reassess work intended to be carried out when actual staff availability is less than the planned staffing level for any particular work shift or period.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
<b>145.A.30</b>	(e) The organisation shall establish and control the competence of personnel involved in any maintenance, management and/or quality audits in accordance with a procedure and to a standard agreed by CAAB. In addition to the necessary expertise related to the job function, competence must include an understanding of the application of human factors and human performance issues appropriate to that person's function in the organisation.  'Human factors' means principles which apply to aeronautical design, certification, training, operations and maintenance and which seek safe interface between the human and other system components by proper consideration of human performance.  'Human performance' means human capabilities and limitations which have an impact on the safety and efficiency of aeronautical operations.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.30</b>	(f) The organisation shall ensure that personnel who carry out and/or control a continued airworthiness non-destructive test of aircraft structures and/or components are appropriately qualified for the particular non-destructive test in accordance with the European or equivalent Standard recognised by the CAAB. Personnel who carry out any other specialised task shall be appropriately qualified in accordance with officially recognised Standards. By derogation to this paragraph those personnel specified in paragraphs (g) and (h)(1) and (h)(2), qualified in category B1 or B3 in accordance with Part-66 may carry out and/or control colour contrast dye penetrant tests.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.30</b>	(g) Any organisation maintaining aircraft, except where stated otherwise in point (j), shall in the case of aircraft line maintenance, have appropriate aircraft rated certifying staff qualified as category B1, B2, B3, as appropriate, in accordance with Part-66 and point 145.A.35.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
<b>145.A.30</b>	In addition such organisations may also use appropriately task trained certifying staff holding the privileges described in points 66.A.20(a)(1) and 66.A.20(a)(3)(ii) and qualified in accordance with Part-66 and part 145.A.35 to carry out minor scheduled line maintenance and simple defect rectification. The availability of such certifying staff shall not replace the need for category B1, B2, B3 certifying staff, as appropriate.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.30</b>	<p>(h) Any organisation maintaining aircraft, except where stated otherwise in paragraph (j) shall:</p> <ol style="list-style-type: none"> <li>1. in the case of base maintenance of large aircraft, have appropriate aircraft type rated certifying staff qualified as category C in accordance with ANO-66 and ANO-145.35. In addition the organisation shall have sufficient aircraft type rated staff qualified as category B1 and B2 in accordance with ANO-66 and ANO-145.35 to support the category C certifying staff.</li> <li>(i) B1 and B2 support staff shall ensure that all relevant tasks or inspections have been carried out to the required standard before the category C certifying staff issues the certificate of release to service.</li> <li>(ii) The organisation shall maintain a register of any such B1 and B2 support staff.</li> </ol> <p>The category C certifying staff shall ensure that compliance with paragraph (i) has been met and that all work required by the customer has been accomplished during the particular base maintenance check or work package, and shall also assess the impact of any work not carried out with a view to either requiring its accomplishment or agreeing with the operator to defer such work to another specified check or time limit.</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
<b>145.A.30</b>	<p>2. in the case of base maintenance of aircraft other than large aircraft have either:</p> <p>(i) appropriate aircraft rated certifying staff qualified as category B1, B2, B3, as appropriate, in accordance with Part-66 and point 145.A.35 or,</p> <p>(ii) appropriate aircraft type rated certifying staff qualified in category C assisted by B1 and B2 support staff as specified in paragraph (1).</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.30</b>	(i) Component certifying staff shall comply with ANO-66.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.30</b>	<p>(j) By derogation to paragraphs (g) and (h), in relation to the obligation to comply with Part-66, the organisation may use certifying staff qualified in accordance with the following provisions:</p> <p>1. For organisation facilities located outside the CAAB territory certifying staff may be qualified in accordance with the national aviation regulations of the State in which the organisation facility is registered subject to the conditions specified in Appendix IV to this Part.</p> <p>2. For line maintenance carried out at a line station of an organisation which is located outside CAAB territory, the certifying staff may be qualified in accordance with the national aviation regulations of the State in which the line station is based, subject to the conditions specified in Appendix IV of to this Part.</p> <p>3. For a repetitive pre-flight airworthiness directive which specifically states that the flight crew may carry out such airworthiness directive, the organisation may issue a limited certification authorisation to the aircraft commander and/or the</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
	flight engineer on the basis of the flight crew licence held. However, the organisation shall ensure that sufficient practical training has been carried out to ensure that such aircraft commander or flight engineer can accomplish the airworthiness directive to the required standard.							
<b>145.A.30</b>	<p>4. In the case of aircraft operating away from a supported location the organisation may issue a limited certification authorisation to the commander and/or the flight engineer on the basis of the flight crew licence held subject to being satisfied that sufficient practical training has been carried out to ensure that the commander or flight engineer can accomplish the specified task to the required standard. The provisions of this paragraph shall be detailed in an exposition procedure.</p> <p>5. In the following unforeseen cases, where an aircraft is grounded at a location other than the main base where no appropriate certifying staff are available, the organisation contracted to provide maintenance support may issue a one-off certification authorisation:</p> <p>(i) to one of its employees holding equivalent type authorisations on aircraft of similar technology, construction and systems; or</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.30</b>	<p>(ii) to any person with not less than five years maintenance experience and holding a valid ICAO aircraft maintenance licence rated for the aircraft type requiring certification provided there is no organisation appropriately approved under ANO-145 at that location and the contracted organisation obtains and holds on file evidence of the experience and the licence of that person.</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
<b>145.A.30</b>	All such cases as specified in this subparagraph shall be reported to CAAB within seven days of the issuance of such certification authorisation. The organisation issuing the one-off authorisation shall ensure that any such maintenance that could affect flight safety is re-checked by an appropriately approved organisation.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.35</b>	<p><b>Certifying staff and category B1 and B2 support staff</b></p> <p>(a) In addition to the appropriate requirements of ANO-145.30(g) and (h), the organisation shall ensure that certifying staff and category B1 and B2 support staff have an adequate understanding of the relevant aircraft and/or components to be maintained together with the associated organisation procedures. In the case of certifying staff, this must be accomplished before the issue or re-issue of the certification authorisation.</p> <p>(i) ‘Support staff’ means those staff holding a Part-66 aircraft maintenance licence in category B1, B2 and/or B3 with the appropriate aircraft ratings, working in a base maintenance environment while not necessarily holding certification privileges.</p> <p>(ii) ‘Relevant aircraft and/or components’, means those aircraft or components specified in the particular certification authorisation.</p> <p>(iii) ‘Certification authorisation’ means the authorisation issued to certifying staff by the organisation and which specifies the fact that they may sign certificates of release to service within the limitations stated in such authorisation on behalf of the approved organisation.</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
145.A.35	(b) Excepting those cases listed in ANO-145.30(j) and ANO 66.A.20(a)3(ii) the organisation may only issue a certification authorisation to certifying staff in relation to the basic categories or subcategories and any type rating listed on the aircraft maintenance licence listed in ANO-66, subject to the licence remaining valid throughout the validity period of the authorisation and the certifying staff remaining in compliance with ANO-66.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
145.A.35	(c) The organisation shall ensure that all certifying staff and category B1 and B2 support staff are involved in at least six months of actual relevant aircraft or component maintenance experience in any consecutive two year period. For the purpose of this paragraph 'involved in actual relevant aircraft or component maintenance' means that the person has worked in an aircraft or component maintenance environment and has either exercised the privileges of the certification authorisation and/or has actually carried out maintenance on at least some of the aircraft type systems specified in the particular certification authorisation.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
145.A.35	(d) The organisation shall ensure that all certifying staff and category B1 and B2 support staff receive sufficient continuation training in each two year period to ensure that such staff have up-to-date knowledge of relevant technology, organisation procedures and human factor issues.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
145.A.35	(e) The organisation shall establish a programme for continuation training for certifying staff and support staff including a procedure to ensure compliance with the relevant paragraphs of ANO-145.35 as the basis for issuing certification authorisations under ANO-145 to certifying staff, and a procedure to ensure compliance with ANO 66.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
145.A.35	(f) Except where any of the unforeseen cases of ANO-145.30(j)(5) apply, the organisation shall assess all prospective certifying staff for their competence, qualification and capability to carry out their intended certifying duties in accordance with a procedure as specified in the exposition prior to the issue or re-issue of a certification authorisation under ANO-145.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
145.A.35	(g) When the conditions of paragraphs (a), (b), (d), (f) and, where applicable, paragraph (c) have been fulfilled by the certifying staff, the organisation shall		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
145.A.35	issue a certification authorisation that clearly specifies the scope and limits of such authorisation. Continued validity of the certification authorisation is dependent upon continued compliance with paragraphs (a), (b), (d), and where applicable, paragraph (c).		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
145.A.35	(h) The certification authorisation must be in a style that makes its scope clear to the certifying staff and any authorised person who may require to examine the authorisation. Where codes are used to define scope, the organisation shall make a code translation readily available.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
145.A.35	(i) The person responsible for the quality system shall also remain responsible on behalf of the organisation for issuing certification authorisations to certifying staff. Such person may nominate other persons to actually issue or revoke the certification authorisations in accordance with a procedure as specified in the exposition.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
145.A.35	(j) The organisation shall maintain a record of all certifying staff and category B1 and B2 support staff. The staff records shall contain: 1. details of any aircraft maintenance licence held under ANO-66; 2. all relevant training completed		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

			No (4)	Yes (5)	N/A (6)			
	3. the scope of the certification authorisations issued, where relevant, and 4. particulars of staff with limited or one-off certification authorisations.							
<b>145.A.35</b>	The organisation shall retain the record for at least three years after the staff referred to in this paragraph have ceased employment with the organisation or as soon as the authorisation has been withdrawn. In addition, upon request, the maintenance organisation shall furnish the staff referred to in this paragraph with a copy of their personal record on leaving the organisation.  The staff referred to in this paragraph shall be given access on request to their personal records as detailed above.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.35</b>	(k) The organisation shall provide certifying staff with a copy of their certification authorisation in either a documented or electronic format.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.35</b>	(l) Certifying staff shall produce their certification authorisation to any authorised person within 24 hours.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.35</b>	(m) The minimum age for certifying staff and support staff is 21 years.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.35</b>	(n) The holder of a category A aircraft maintenance licence may only exercise certification privileges on a specific aircraft type following the satisfactory completion of the relevant category A aircraft task training carried out by an organisation appropriately approved in accordance with Part-145 or Part-147. This training shall include practical hands on training and theoretical training as appropriate for each task authorised. Satisfactory completion of training shall be demonstrated by an examination or by workplace assessment carried out by the organisation.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.35</b>	(o) The holder of a category B2 aircraft maintenance licence may only exercise the certification privileges described in point 66.A.20(a)(3)(ii) of Part-66		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
	following the satisfactory completion of (i) the relevant category A aircraft task training and (ii) six months of documented practical experience covering the scope of the authorisation that will be issued. The task training shall include practical hands on training and theoretical training as appropriate for each task authorised. Satisfactory completion of training shall be demonstrated by an examination or by workplace assessment. Task training and examination/assessment shall be carried out by the maintenance organisation issuing the certifying staff authorisation. The practical experience shall be also obtained within such maintenance organisation.							
<b>145.A.40</b>	<p><b>Equipment and tools</b></p> <p>(a) The organisation shall have available and use the necessary equipment, tools and material to perform the approved scope of work.</p> <p>1. Where the manufacturer specifies a particular tool or equipment, the organisation shall use that tool or equipment, unless the use of alternative tooling or equipment is agreed by CAAB via procedures specified in the exposition.</p> <p>2. Equipment and tools must be permanently available, except in the case of any tool or equipment that is so infrequently used that its permanent availability is not necessary. Such cases shall be detailed in an exposition procedure.</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.40</b>	<p>3. An organisation approved for base maintenance shall have sufficient aircraft access equipment and inspection platforms/docking such that the aircraft can be properly inspected.</p> <p>The organisation shall ensure that all tools, equipment and particularly test equipment, as appropriate, are controlled and calibrated according to an officially recognised standard at a frequency to ensure</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	paragraph (e) is applicable.							
<b>145.A.50</b>	(d) A certificate of release to service shall be issued at the completion of any maintenance on a component whilst off the aircraft. The authorised release certificate CAAB Form 1 referred to in Appendix I of this Part constitutes the component certificate of release to service. When an organisation maintains a component for its own use, a CAAB Form 1 may not be necessary depending upon the organisation's internal release procedures defined in the exposition.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.50</b>	(e) By derogation to paragraph (a), when the organisation is unable to complete all maintenance ordered, it may issue a certificate of release to service within the approved aircraft limitations. The organisation shall enter such fact in the aircraft certificate of release to service before the issue of such certificate.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.50</b>	(f) By derogation to paragraph (a) and ANO-145.42, when an aircraft is grounded at a location other than the main line station or main maintenance base due to the non-availability of a component with the appropriate release certificate, it is permissible to temporarily fit a component without the appropriate release certificate for a maximum of 30 flight hours or until the aircraft first returns to the main line station or main maintenance base, whichever is the sooner, subject to the aircraft operator agreement and said component having a suitable release certificate but otherwise in compliance with all applicable maintenance and operational requirements. Such components shall be removed by the above prescribed time limit unless an appropriate release certificate has been obtained in the mean- time under paragraph (a) and ANO-145.42.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

ANO Reference (1)	Approved Maintenance Organisation ANO Part-145 Requirements (2)	CAME/relevant Document Reference (3)	Complied?			Comments of the applicant (7)	Accepted by Inspector (Y/N) (8)	Remark by Inspector (9)
			No (4)	Yes (5)	N/A (6)			
<b>145.A.55</b>	<b>Maintenance records</b>  (a) The organisation shall record all details of maintenance work carried out. As a minimum, the organisation shall retain records necessary to prove that all requirements have been met for issuance of the certificate of release to service, including subcontractor's release documents.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.55</b>	(b) The organisation shall provide a copy of each certificate of release to service to the aircraft operator, together with a copy of any specific approved repair/modification data used for repairs/modifications carried out.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.55</b>	(c) The organisation shall retain a copy of all detailed maintenance records and any associated maintenance data for three years from the date the aircraft or component to which the work relates was released from the organisation.  1. Records under this paragraph shall be stored in a manner that ensures protection from damage, alteration and theft.  2. Computer backup discs, tapes etc. shall be stored in a different location from that containing the working discs, tapes etc., in an environment that ensures they remain in good condition.  3. Where an organisation approved under ANO-145 terminates its operation, all retained maintenance records covering the last two years shall be distributed to the last owner or customer of the respective aircraft or component or shall be stored as specified by CAAB.		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<b>145.A.60</b>	<b>Occurrence reporting</b>  (a) The organisation shall report to CAAB, the state of registry and the organisation responsible for the design of the aircraft or component any condition of the aircraft or component identified by the organisation that has resulted or may result in an		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
